

# THE LANGSTON CITY HERALD

LANGSTON CITY HERALD  
PUBLISHED EVERY SATURDAY.

By The Herald Publishing Co.

H. E. STEWART, President  
Dr. A. J. ALSTON, Vice President  
A. M. COOPER, Secretary  
J. W. MCLELLROY, Manager

CITY NEWS.

Mr. H. Callard of the Strip is down on business.

Health is good now and the Drs. of this section are happy.

Our City Marshall says that he is always in sight of law breakers.

W. H. Nelson, who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the Remedy is a certain cure for the disease for which it is intended and he knows it. It is for sale by H. Gephart Druggist.

As soon as Langston gets her railroad she will be in it for all time to come.

Mr. Alex McClintock gave us a pleasant call a few days ago and reports fine crops in his section of country.

What lady was that, that walked from Perkins to Langston last Saturday? Was it you Mrs.—

Mrs. Graham, Mrs. Thompson and Mrs. Suttles spent a few days this week in our city among friends.

The farmers are about through work now, we will go to work and finish the church.

A horse kicked H. S. Shaffer, of the Freymeyer House, Middlebury, N.Y., on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pass Balm, which he did, and in two days was able to be around. Mr. Shaffer has recommended it to many others and says it is excellent for any kind of a bruise or sprain. This same Remedy is also famous for its cure in rheumatism. For sale by H. Gephart Druggist.

Mr. S. G. Garrett who has been on the sick list for the past few weeks is up and around again.

Our City Marshall sometimes misses his loose cattle but he goes after them all the same.

Oklahoma will make enough corn this year to feed 1-10 of the people of this country.

No man ever saw better crops than the farmers have around Langston.

Revs. Hall and Blaton preached the funeral of Rev. Harris at the Baptist Church last Sunday, the house was crowded, many people were in from the country.

We would like to know the class of men in our city who go to make that class known as clod-hopper, saloon-bum and crap-shooters.

On the account of the fine prospects, people have already begun to move into Langston. Mrs. Williams a lady from Kingfisher moved in on last Saturday. Come on ladies and gents, you will find room and friends.

Last June Dick Crawford brought his twelve months old child suffering from infantile diarrhoea, to me. It had been wasted at four months old and had always been sickly. I give it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used a marked improvement was seen and its continued use cured the child. Its weakness and puny constitution disappeared and its health or my self believe the child's life was saved by the Remedy. J. T. Malone, M.D. Taparos, III. For sale by H. Gephart Druggist.

Mr. J. C. Burnett, who has been attending the Normal School in Guthrie for the last month has returned home. And Oh! how she and Mr. A. W. did smile when they met at her house a few evenings ago.

Mr. R. R. Bryant brought in the first water melon of the season, and Mr. Jones bought and ate it before it had time to touch the ground. This is what the average western man calls business.

Who is there that would be caught dipping snuff? We can't say just who but there is one thing we can say and is we hope that those of Langston who have been guilty of the repulsive habit will plead to the article and then wear off.

Ham Buffington one of our most excellent farmers brought to the Herald Office a few days ago a stock of cotton 3 ft. high. The stalk was loaded down with blooms and squares, some of the boys counted 40. squares aside from the number of blooms. Mr. Buffington says that he has a number of acres as fine as the sample shown us. But however we want the world to understand that this is nothing new for Oklahoma.
